INNOVATION

SHIPS SUPPLY MEETS LOGISTICS

Italian Scandinavian was established in 1964 with a clear objective in mind. Become a reference partner for shipping companies in the integrated supply of commercial and logistics solutions.

In this logic **Italian Scandinavian** is really a true and innovative subject in the maritime sector.

INTEGRATION

SHIPS SUPPLY HOTEL AND FOOD & BEVERAGE AREA

We deal with the most important Food & Beverage brands, from dry food as Pasta, Confectionary, Bakery to soft drinks, beers and Spirits, cooperating with suppliers and customers considering them as real partners.

Supported by our extensive "Supply Chain and Quality Management System", Italian Scandinavian can provide a complete range of services to meet all requirements of our customers.

- Purchasing of a wide range of items;
- Customs formalities;
- Organization of mixed and full load containers;
- Issuing of Health and Origin Certificates;
- Technical Specifications and Quality Control assistance;
- In house transport service

In order to better support its customers, Italian Scandinavian has established strategic partnerships with important Logistic platforms and with international transport companies.

Logistics network includes: USA platform in Miami, Transit point from Jebel Ali (Dubai) and Ho Chi Min City (Vietnam) and our warehouse in Genoa port.
